## WORK EXPERIENCE

### Frontend Developer

Nightowl Tech Solutions | Noida, Uttar Pradesh | **September 2025 – Present**

- Developing and maintaining frontend interfaces for client web applications using HTML5, CSS3, JavaScript, and Bootstrap.
- Collaborating with design and backend teams to implement responsive, pixel-perfect UI from Figma mockups.
- Optimizing website performance, load times, and cross-browser compatibility.
- Contributing to WordPress-based projects including custom theme and plugin development.

### Frontend Developer

Code Calibre | Noida, Uttar Pradesh | **2024 – September 2025**

- Built and customized WordPress websites from Figma designs, ensuring pixel-perfect accuracy and responsiveness.
- Integrated third-party APIs and implemented e-commerce functionality within WordPress environments.
- Developed custom plugins to extend WordPress functionality per client requirements.
- Applied Bootstrap and CI frontend design principles for consistent, scalable layouts.
- Performed speed optimization audits and improvements to enhance site performance scores.

### Web Designer

Business World Trade | Noida, Uttar Pradesh | **2022 – 2023**

- Designed and developed responsive landing page websites tailored to client specifications.
- Created branding assets including banners, icons, and logos using Photoshop.
- Managed multiple projects simultaneously, consistently meeting deadlines with high-quality output.
- Built mobile-responsive WordPress informational websites for various clients.
